Paraplegia

Index of Volume 29 (1991)

Subject Index

Abscess, Epidrual
Non-granulomatous spinal epidural abscess: a rehabilitation perspective, by Weingarden and Swarczinski 628

Ambulation
A clinical review of adult paraplegic patients with complete lesions using the ORLAU ParaWalker, by Moore and Stallard 191
A comparative trial of two walking systems for paralysed people, by Whittle *et al.* 97
Functional electrical stimulation and reciprocating gait orthosis for ambulation exercise in a tetraplegic patient: a case study, by Phillips and Hendershot 268
A systems approach to medically prescribed functional electrical stimulation. Ambulation after spinal cord injury, by Phillips *et al.* 505

Anaesthesia
Diagnostic spinal anaesthesia in chronic spinal cord injury pain, by Loubser and Donovan 25
Post-operative paraplegia with spinal myoclonus possibly caused by epidural anaesthesia: case report, by Hachisuka *et al.* 131

Anterior Spinal Artery Syndrome
Ischaemic lumbosacral plexopathy in acute vascular compromise: case report, by Cifu and Irani 70

Baclofen
Baclofen-induced frontal lobe syndrome: case report, by Liu *et al.* 554
Continuous infusion of intrathecal baclofen: long-term effects on spasticity in spinal cord injury, by Loubser *et al.* 48

Blood Coagulation
Fibronectin and factor XIII in spinal cord injured patients with end-stage renal disease, by Vaziri *et al.* 156

Body Weight
Upward displacement of the centre of gravity in paraplegic patients, by Duval-Beaupere and Robain 309

Bone Grafts
The use of bone-chip grafts fixed with absorbable bone sealant (Absele), by Açikgöz and Özcan 486

Book Reviews
76, 140, 211, 281, 355, 427, 500, 563, 632

Bowel Function
Constipation associated with chronic spinal cord injury: the effect of pelvic parasympathetic stimulation by the Brindley stimulator, by Binnie *et al.* 463

Brown-Sequard Syndrome
Traumatic cervical Brown-Sequard and Brown-Sequard-plus syndromes: the spectrum of presentations and outcomes, by Roth *et al.* 582

Cardiopulmonary Responses
Reversal of adaptive left ventricular atrophy following electrically-stimulated exercise training in human tetraplegics, by Nash *et al.* 590

Catheterisation
Clean intermittent self-catheterisation for quadriplegic patients—a five year follow-up, by Sutton *et al.* 542
Intermittent urethral self-catherisation: long term results (bacteriological evolution, continence, acceptance, complications), by Kuhn *et al.* 222

Cervical stabilisation
Work status after posterior fixation of unstable but neurologically intact burst fractures of thoracolumbar spine, by Huler *et al.* 600

Depression
Depression, disease and disability: application to patients with traumatic spinal cord injury, by Judd *et al.* 91

Disability Evaluation
Impairment, disability, handicap and medical expenses of persons aging with spinal cord injury, by Menter *et al.* 613

Dollfus, Paul
Paul Dollfus, medallist of the International Medical Society of Paraplegia by Frankel 217

Drug Therapy
Review article: the experimental basis for early pharmacological intervention in spinal cord injury, by Simpson *et al.* 364

Ejaculation
The effects of rectal probe electrostimulation on spinal cord injury spasticity, by Halstead and Seager 43
Semen retrieval in spinal cord injured men, by Rawicke and Hill 443

Electric Stimulation
Constipation associated with chronic spinal cord injury: the effect of pelvic parasympathetic stimulation by the Brindley stimulator, by Binnie *et al.* 463
The effects of rectal probe electrostimulation on spinal cord injury spasticity, by Halstead and Seager 43
Functional electrical stimulation and recirprocating gait orthosis for ambulation exercise in a tetraplegic patient: a case study, by Phillips and Hendershott 268
Investigation of the afferent nerves of the lower urinary tract in patients with 'complete' and 'incomplete' spinal cord injury, by Wyndaele 490
A systems approach to medically prescribed functional electrical stimulation. Ambulation after spinal cord injury, by Phillips *et al.* 505

Epidemiology
Epidemiological study of spinal cord injury in Spain 1984–1985, by Garcia-Reneses *et al.* 180
Establishment of a clinicopathological database for traumatic human spinal injury, by Woods *et al.* 149
Spinal cord injury surveillance in the United States: an overview, by Harrison and Dijkers 233

Exercise Therapy
Physiological responses to maximal exercise on arm cranking and wheelchair ergometer with paraplegics, by Martel *et al.* 447
Reversal of adaptive left ventricular atrophy following electrically-stimulated exercise training in human tetraplegics, by Nash *et al.* 590

Experimental Spinal Cord Trauma
Review article: the experimental basis for early pharmacological intervention in spinal cord injury, by Simpson *et al.* 364
Transplants of fetal neural tissue and autologous peripheral nerves in an attempt to repair spinal cord injuries in the adult rat, by Horvat 299

Follow-up Studies
Work status after posterior fixation of unstable but neurological intact burst fractures of thoracolumbar spine, by Huler *et al.* 600

Fractures
Differentiation of spinal damage through compression mechanism, by Kiwerski 411

Functional Disability
Definition of complete spinal cord injury, by Waters *et al.* 573

Gastroenterology
Gastrostomy for gaseous decompression in quadriplegic man: case report, by Cosman *et al.* 207

Geriatrics
Impairment, disability, handicap and medical expenses of persons aging with spinal cord injury, by Menter *et al.* 613
Quality of life among aging spinal cord injured persons: long term rehabilitation outcomes, by Eisenberg and Salz 514

Gunshot Wounds
Targeting teenagers in a spinal cord injury prevention program, by Weingarden and Graham 65

Hand
Compressive mononeuropathies of the upper extremity in chronic paraplegia, by Davidoff *et al.* 17
Reconstruction of the upper extremity in tetraplegia: functional assessment, surgical procedures and rehabilitation, by Vanden Berghe *et al.* 103

Health Services Research
Toward a health services research capacity in spinal cord injury, by DeJong and Batavia 373

International Medical Society of Paraplegia
Report, by Harris 215

Kidney Calculi
Stone surgery in the spinal patient, by Irwin *et al.* 161

Kidney Failure
Fibronectin and factor XIII in spinal cord injured patients with end-stage renal disease, by Vaziri *et al.* 156

Laurence-Moon-Biedl Syndrome
Quadriparesis in the Laurence-Moon-Biedl-Bardet syndrome: case report, by Nyska *et al.* 350

Lumbosacral Plexus
Ischaemic lumbosacral plexopathy in acute vascular compromise: case report, by Cifu and Irani 70

Meetings and Notices
77, 141, 213, 284, 357, 428, 502, 566, 634

Muscles
Morphometric and neurophysiological analysis of skeletal muscle in paraplegic patients with traumatic cord lesion, by Lotta *et al.* 247

Myotonia Atrophica
Myotonic dystrophy and traumatic quadriplegia: case report, by Orrell *et al.* 419

Neoplasms
Pressure sore carcinoma: a late but fulminant complication of pressure sores in spinal cord injury patients: case reports, by Dumurgier *et al.* 390

Nerve Regeneration
Factors influencing the regeneration of axons in the central nervous system, by Fawcett 287
Regeneration of lesioned CNS axons by neutralisation of neurite growth inhibitors: a short review, by Schwab 294
Transplants of fetal neural tissue and autologous peripheral nerves in an attempt to repair spinal cord injuries in the adult rat, by Horvat 299

Neurological Sequelae
The influence of the mechanism of cervical spine injury on the degree of the spinal cord lesion, by Kiwerski 531
Non-granulomatous spinal epidural abscess: a rehabilitation perspective, by Weingarden and Swarczinski 628

Neuropathic Bladder
Clean intermittent self-catheterisation for quadriplegic patients—a five-year follow up, by Sutton *et al.* 542
Control of detrusor hyperreflexia by the intravesical instillation of oxybutynine hydrochloride, by Madersbacher 84
Intermittent urethral self-catherisation: long term results (bacteriological evolution, continence, acceptance, complications), by Kuhn *et al.* 222
Investigation of the afferent nerves of the lower urinary tract in patients with 'complete' and 'incomplete' spinal cord injury, by Wyndaele 490
N-acetyl-β-D-glucosaminidase in the localisation of urinary tract infection in patients with spinal cord injury, by Zachariah *et al.* 324

Nuclear Magnetic Resonance
Post-traumatic spinal cord cysts evaluated by magnetic resonance imaging, by Backe *et al.* 607
The value of magnetic resonance imaging (MRI) in the follow-up management of spinal injury, by Sett and Crockard 396

Obituary
Dr. Ernest H. J. Bors 277
Sir George Bedbrook 634

Orthostatic Hypotension
Autoregulation of cerebral blood flow in patients with orthostatic hypotension after spinal cord injury, by Gonzalez *et al.* 1
Release of vasopressin, cortisol and β-endorphin in tetraplegic subjects in response to head-up tilt, by Ozcan *et al.* 120

Orthotic Devices
A clinical review of adult paraplegic patients with complete lesions using the ORLAU ParaWalker, by Moore and Stallard 191
A comparative trial of two walking systems for paralysed people, by Whittle *et al.* 97
Functional electrical stimulation and reciprocating gait orthosis for ambulation exercise in a tetraplegic patient: a case study, by Phillips and Hendershott 268

Pain
Diagnostic spinal anaesthesia in chronic spinal cord injury pain, by Loubser and Donovan 25
Intractable central pain in spinal cord injury is not relieved by spinal cord stimulation, by Cole *et al.* 167
Shoulder pain in acute traumatic quadriplegia, by Waring and Maynard 37
The weight-bearing upper extremity in women with long term paraplegia, by Pentland and Twomey 521

Pott's Paraplegia
Surgery for progressive Pott's paraplegia (Tuberculous Paraplegia), by Açikgöz *et al.* 537

Pregnancy
Pregnancy by gamete intrafallopian transfer (GIFT) with sperm aspirated from the vaso-epididymal junction of spinal injured man: case report, by Macourt *et al.* 550

Pressure Sores
An analysis of the diverse factors concerned with the development of pressure sores in spinal cord injured patients, by Vidal and Sarrias 261
Pressure sore carcinoma: a late but fulminant complication of pressure sores in spinal cord injury patients: case reports, by Dumurgier *et al.* 390
Psychological factors in the causation of pressure sores: case reports, by Heilporn 137

Prevention
Targeting teenagers in a spinal cord injury prevention program, by Weingarden and Graham 65

Psychological Reactions
Adjustment to spinal cord injury: stage theory revisited, by Buckelew *et al.* 125
Psychological adjustment following traumatic spinal cord injury: a study using the psychosocial adjustment to illness scale, by Judd *et al.* 173
Psychological factors in the causation of pressure sores: case reports, by Heilporn 137
Social role functioning following spinal cord injury, by Stambrook *et al.* 318
Spinal injury rehabilitation: do staff and patients agree on what they are talking about?, by Glass *et al.* 343
Suicide following spinal cord injury, by DeVivo *et al.* 620

Pulsatile Flow
Pulse volume recording disturbances in paraplegic patients, by Walden *et al.* 457

Quality of Life
Quality of life among aging spinal cord injured persons: long term rehabilitation outcomes, by Eisenberg and Salz 514

Rehabilitation
Ecological evaluation of goal planning and advocacy in a rehabilitation environment for spinal cord injured people, by Kennedy *et al.* 197
Toward a health services research capacity in spinal cord injury, by DeJong and Batavia 373

Research
The amelioration and cure of spinal cord damage. The aim of the International Spinal Research Trust, by Banyard *et al.* 143

Respiration
Effect of respiratory training with a mouth-nose-masks in tetraplegics, by Biering-Sørensen *et al.* 113
Review article: the expiratory muscles in tetraplegia, by De Troyer and Estenne 359

Sarcoidosis
Intramedullary spinal cord sarcoidosis mimicking glioma by magnetic resonance imaging: case report, by Hauser *et al.* 203

Seizures
Spinal cord seizures: a possible cause of isolated myoclonic activity in traumatic spinal cord injury: case report, by Meythaler *et al.* 557

Sexual Function
Pregnancy by gamete intrafallopian transfer (GIFT) with sperm aspirated from the vaso-epididymal junction of spinal injured man: case report, by Macourt *et al.* 550
Semen retrieval in spinal cord injured men, by Rawicki and Hill 433

Shoulder
Osteonecrosis: an overuse injury of the shoulder in paraplegia: case report, by Barber and Gall 423
Shoulder pain in acute traumatic quadriplegia, by Waring and Maynard 37

Social Reintegration
Social role functioning following spinal cord injury, by Stambrook *et al.* 318
Understanding and treating motivation difficulties in ventilator-dependent SCI patients, by Jordan *et al.* 431

Spasticity
Baclofen-induced frontal lobe syndrome: case report, by Liu *et al.* 554
Continuous infusion of intrathecal baclofen: long term effects on spasticity in spinal cord injury, by Loubser *et al.* 48
The effects of rectal probe electrostimulation on spinal cord injury spasticity, by Halstead and Seager 43

Spina Bifida
Current trends in spinal dysraphism, by Humphreys 79

Spinal Cord Compression
Differentiation of spinal damage through compression mechanism, by Kiwerski 411

Staff
Effect of continuous versus intermittent turning on nursing and non-nursing care time for acute spinal cord injuries, by Bugaresti *et al.* 330
Spinal injury rehabilitation: do staff and patients agree on what they are talking about?, by Glass *et al.* 343

Suicide
Suicide following spinal cord injury, by DeVivo *et al.* 620

Syringomyelia
Post-spinal cord injury syringomyelia, by Umbach and Heilporn 219
Post-traumatic spinal cord cysts evaluated by magnetic resonance imaging, by Backe *et al.* 607
The value of magnetic resonance imaging (MRI) in the follow-up management of spinal injury, by Sett and Crockard 396

Thromboembolism
Acute spinal cord injuries and the incidence of clinically occurring thromboembolic disease, by Waring and Karunas 8
Systematic lower limb phlebography in acute spinal cord injury in 147 patients, by Yelnik *et al.* 253

Turning
Effect of continuous versus intermittent turning on nursing and non-nursing care time for acute spinal cord injuries, by Bugaresti *et al.* 330

Wheelchairs
Prediction of ramp traversability for wheelchair dependent individuals, by Cappozzo *et al.* 470
Ramp length/grade prescriptions for wheelchair dependent individuals, by Canale *et al.* 479
Upward displacement of the centre of gravity in paraplegic patients, by Duval-Beaupere and Robain 309
The weight-bearing upper extremity in women with long term paraplegia, by Pentland and Twomey 521

Wound Healing
Pulse volume recording disturbances in paraplegic patients, by Walden *et al.* 457
